A Firefighter's Creed

As a Firefighter, I believe that I have the duty, honor and
courage to serve my Community

As I am called to duty, it is my responsibility to be able to
give the best in me to save a life and protect property

I believe it is an Honor to be prepared to embrace a child
before it is too late or to save an older person from the
horror of that fate.

I pledge to be alert to hear the weakest shout, and quickly
and efficiently put the fire out.

It is my obligation to do my calling safely and to have the
courage to press on when it is right to do so

I believe it is my duty to give the best in me, to guard my
every neighbor and protect their property.

I Trust my fellow Firefighters, as I know they must trust in
me.

Firefighting is a team effort, I will be ready, and I shall not
let the team down

My Neighbors and our Guests rely on me, I shall be
worthy of that trust.
