Summary Timeline for Facility Usage Requests

The use of any classroom, building, equipment or props at the facility must be requested in writing, in advance, by the sponsoring/host fire company for all ETA Supported and Company Level Training.

Confirmation regarding the company level training will be based on availability of the facility, appropriate supervisory staff, and the absence of any other prescheduled program, class or activity that may conflict with the department's request. If approved, the fire company will receive notification and all necessary paperwork from the fire school.

Once confirmation is received the company or department shall provide a list of personnel that will be participating in the training activity to the Fire School. All personnel MUST be covered by the department's insurance and workers compensation.

If approved to use the facility for live fire/smoke evolutions, the fire company MUST provide documentation for each individual that is participating in the evolution that they have met the minimum training requirements set forth in the Structural Burn Building Usage Manual.
