

YORK COUNTY FIRE SCHOOL

Summary Timeline for Facility Usage Requests

The use of any classroom, building, equipment or props at the facility must be requested in writing, in advance, by the sponsoring/host fire company for all ETA Supported and Company Level Training.

Confirmation regarding the company level training will be based on availability of the facility, appropriate supervisory staff, and the absence of any other prescheduled program, class or activity that may conflict with the department's request. If approved, the fire company will receive notification and all necessary paperwork from the fire school.

Once confirmation is received the company or department shall provide a list of personnel that will be participating in the training activity to the Fire School. All personnel MUST be covered by the department's insurance and workers compensation.

If approved to use the facility for live fire/smoke evolutions, the fire company MUST provide documentation for each individual that is participating in the evolution that they have met the minimum training requirements set forth in the Structural Burn Building Usage Manual.

Five (5) weeks before the class {ten (10) weeks for live fire/smoke}: (ETA and Company Level use)

- Organizational Chief Officer or designee reserves the facility.
- Chief Officer or designee indicates to Fire School what areas are going to be used for company level training either verbally or with completed fire plans (preferred).
- Completes all required forms.

Twenty-eight (28) days before the class: (Company Level use only)

- Organization submits to Fire School:
 1. List of personnel participating in training evolution
 2. Copies of training certifications for all personnel participating in training evolution
 3. Any other information deemed necessary by the Fire School Administrator or their designee
 4. Billing Authorization Form completed

14 days before the class: (Company Level use only)

- Fire School personnel confirm reservation with organization by telephone and/or email.
- Approved fire training plans are faxed/emailed to organization. Must include the following:
 2. Lead Company Training Instructor & Adjunct Instructors
 3. Company Safety Officer
 4. Medical coverage for personnel involved in training evolution
 5. Rehab supplies
 6. All necessary equipment needed to run training evolution
 7. Any other information deemed necessary by the Fire School Administrator or their designee
- Originals are filed for use by Fire School Facilitator on day of company level training. **(SBS only)**
